Jishen Zhao

jzhao@ucsd.edu

Professor, Computer Science and Engineering
University of California, San Diego

https://cseweb.ucsd.edu/~jzhao/

Education

2009 - 2014 Ph.D. in Computer Science and Engineering, Pennsylvania State University
2003 - 2008 M.Eng. in Electrical Engineering, Zhejiang University
1999 - 2003 B.Eng. in Electrical Engineering, Zhejiang University

Research Interests

A broad range of computer architecture and systems research that bridges system software and hardware design, with an emphasis on memory and storage systems, machine learning and system co-design, and reliability.

Professional Experience

Jul. 2024 - present **University of California, San Diego**
Professor in Computer Science and Engineering Department

Mar. 2022 - Dec. 2023 **Google**
Visiting Researcher, MSCA (ML, Systems, and Cloud AI)

Jul. 2020 - Jun. 2024 **University of California, San Diego**
Associate Professor in Computer Science and Engineering Department

Nov. 2017 - Jun. 2020 **University of California, San Diego**
Assistant Professor in Computer Science and Engineering Department

Nov. 2017 - Dec. 2018 **University of California, Santa Cruz**
Visiting Assistant Professor in Computer Engineering Department

Jan. 2015 - Nov. 2017 **University of California, Santa Cruz**
Assistant Professor in Computer Engineering Department

Jan. 2014 - Jan. 2015 **Hewlett-Packard Labs**
Research Scientist at Systems Research Lab

Feb. 2012 - Dec. 2013 **Hewlett-Packard Labs**
Research Associate at Intelligent Infrastructure Lab

Honors & Awards

2024 One paper selected for the ACM SIGSOFT Distinguished Paper Award
Multi-modal Learning for WebAssembly Reverse Engineering
2023 One paper selected for the ISCA@50 25-year Retrospective 1996-2020
2023 Amazon AWS AI Research Award (ARA)
2021 One paper selected for IEEE Micro Top Picks from Computer Architecture Conferences
Characterizing and Modeling Non-Volatile Memory Systems
2021 One paper selected for IEEE Design & Test Top Picks in Hardware and Embedded Security
DeepAttest: An End-to-End Attestation Framework for Deep Neural Networks
2020 Best Paper Award at ACM SIGOPS Asia-Pacific Workshop on Systems (APSys)
2020 Best Paper in Track Award at IEEE International Conference on Computer Design (ICCD)
2020 ACSIC (American Chinese Scholar In Computing) Rising Star Award
2019 MICRO Hall of Fame Award
2017 NSF CAREER Award
2013 Best Paper Honorable Mention Award at MICRO

[27] Memory persistence: a new dimension in memory system design, SanDisk TechCon'15, Milpitas, California, Jul. 2015.

[28] Memory Persistence: A New Dimension in Memory System Design, International Forum on MPSoC for Software-defined Hardware, Santa Barbara, California, Jul. 2015.

[29] Rethinking Memory System Organization with Emerging Technologies, Northwestern University, Mar. 2014.

[30] Rethinking Memory System Organization with Emerging Technologies, University of California Santa Cruz, Feb. 2014.

[31] Rethinking Memory System Organization with NVRAMs, HP Labs, Sep. 2013.

[32] Energy-efficient Reconfigurable Memory Hierarchy Design with Emerging Technologies, ACM Student Research Competition at ICCAD, 2013

[33] Bandwidth-Aware Reconfigurable Cache Hierarchy Design with Hybrid Memory Technologies, First CRA-W/CDC Workshop on Diversity in Design Automation and Test (WD2AT), May 2011.

[34] Reconfigurable Energy-Efficient 3D Stacked Chip-Multiprocessor Design, SRC TECHCON, Sep. 2010.

Professional Services and Activities

Technical Program Chair/Co-chair, Steering/Executive Committee Service:

1. Executive Committee Member, ACM SIGMICRO, 2023 - present.
2. Steering Committee Member, IEEE/ACM MICRO, 2022 - present.
3. Program Co-chair, IEEE/ACM International Symposium on Microarchitecture (MICRO), 2021.
4. Backup Program Chair, IEEE Micro Top Picks from Compute Architecture Conferences, 2020.
5. Backup Track Program Chair, ACM/IEEE Design Automation Conference (DAC), 2019.
6. Backup Program Chair, International Symposium on Computer Architecture (ISCA), 2019.
7. Program Co-chair, International Forum on MPSoC for Software-defined Hardware, 2018.
8. Track Program Co-chair, Architecture Track, IEEE International Conference on Networking, Architecture, and Storage (NAS), 2016

Conference/Workshop Organizer:

1. Workshop and Tutorial Chair, International Symposium on High-Performance Computer Architecture (HPCA), 2020.
2. Social Media Chair, International Symposium on Computer Architecture (ISCA), 2020.
3. Student Travel Grant Chair for the IEEE International Symposium on Workload Characterization (IISWC) 2019.
4. Steering Committee Member, Persistent Programming In Real Life (PIRL), 2019.
5. Publicity Co-chair, ACM International Conference on Architectural Support for Programming Languages and Operating Systems (ASPLOS), 2019
6. Program co-chair, International Forum on MPSoC for Software-defined Hardware (MPSOC), 2018
7. Web Co-chair, IEEE/ACM International Symposium on Microarchitecture (MICRO), 2018.
8. Program Co-chair, Non-Volatile Memories Workshop (NVMW), 2018
9. Publicity Co-chair, International Symposium on High-Performance Computer Architecture (HPCA), 2018
10. Publicity Co-chair, International Workshop of Software-Defined Data Communications and Storage (SDDCS), Co-located with ASPLOS 2017
11. DAC'16 special session organizer "Winning the Memory Challenge: Which Non-volatile Memory Technology Will Rise Above", June, 2016
12. Finance Co-chair, International Forum on MPSoC for Software-defined Hardware (MPSOC), 2015

Program Committee Member:

1. IEEE/IFIP International Conference on Dependable Systems and Networks (DSN), 2023
2. MICRO Steering Committee
3. SIGMICRO Research Highlights Committee, 2022
4. International Symposium on Computer Architecture (ISCA), 2019, 2020, 2022
5. International Symposium on High-Performance Computer Architecture (HPCA), 2018 - 2020
6. IEEE/ACM International Symposium on Microarchitecture (MICRO), 2018 - 2020
7. International Conference on Architectural Support for Programming Languages and Operating Systems (ASPLOS), 2021
8. IEEE Micro Top Picks in Compute Architecture, 2020, 2021, 2022
9. ACM/IEEE Design Automation Conference (DAC), 2016 - 2019
10. IEEE/ACM International Conference on Computer Aided Design (ICCAD), 2018
11. International Conference on Parallel Processing (ICPP), 2020
12. USENIX Conference on File and Storage Technologies (FAST), 2020
13. International Symposium on Low Power Electronics and Design (ISLPED), 2015 - 2018
14. International Symposium on Memory Systems (MEMSYS), 2017, 2018
15. IEEE International Symposium on Performance Analysis of Systems and Software (ISPASS), 2018
16. IEEE International Symposium on Workload Characterization (IISWC), 2017, 2018, 2020
17. Architecture track, IEEE International Parallel & Distributed Processing Symposium (IPDPS), 2017
18. International Conference on Massive Storage Systems and Technology (MSST), 2016, 2017, 2020
19. ACM International Conference on Computing Frontiers (CF), 2015 - 2017
20. International Conference on Hardware/Software Codesign and System Synthesis (CODES+ISSS), 2015 - 2017
21. IEEE Non-Volatile Memory System and Applications Symposium (NVMSA), 2015 - 2017
22. Great Lakes Symposium on VLSI (GLSVLSI), 2014 - 2017
23. International Conference on Networking, Architecture, and Storage (NAS), Storage track, 2017
24. International Conference for High Performance Computing, Networking, Storage and Analysis (SC), 2016
25. International Conference on Super Computing (ICS), 2016
26. IEEE International System-on-Chip Conference (SOCC), 2015
27. ESWeek Internet-of-Things Symposium (IoT), 2015
28. IFIP/IEEE International Conference on Very Large Scale Integration (VLSI-SOC), 2015 - 2016
29. Workshop on Architectures and Systems for Big Data (ASBD), 2014

30. Symposium on Computer Architecture and High Performance Computing (SBAC-PAD), 2014

Journal Editor / Guest Editor

1. Associate editor, ACM Transactions on Architecture and Code Optimization, 2024 - present
2. Associate editor, IEEE Computer Architecture Letters, 2022 - present
3. Associate editor, ACM Transactions on Design Automation of Electronic Systems, 2020 - 2021
4. Guest editor, special issue on emerging memory technologies, IEEE Micro, 2019
5. Guest editor, special issue on System-level Synthesis, IEEE Access, 2016

Proposal Panelist/Reviewer

1. Panelist for NSF CCF program, 2015, 2017, 2018, 2019
2. DOE proposal reviewer, 2019

Conference/Workshop Session Chair

1. Session "In-Memory Computing" at IEEE International Symposium on High-Performance Computer Architecture (HPCA), Vienna, Austria, February 2018.
2. Session "Next Generation System Level Technologies" at International Conference On Computer Aided Design (ICCAD), Irvine, California, November 2017.
3. Session "Managing Energy in Wearable Devices" at International Symposium on Low Power Electronics and Design (ISLPED), San Francisco, California, August 2016.
4. Session "On-the-Go Storage" at International Conference on Massive Storage Systems and Technology (MSST), Santa Clara, California, May 2016.
5. Research session "Memory that Never Forgets" at Design Automation Conference (DAC), Austin, Texas, June 2016

Reviewer/External Reviewer

1. International Conference on Architectural Support for Programming Languages and Operating Systems (ASPLOS), 2019
2. ACM Transactions on Architecture and Code Optimization (TACO), 2015 - present
3. IEEE Transactions on Very Large Scale Integration Systems (TVLSI), 2015 - present
4. Journal of Low Power Electronics and Applications (JLPEA), 2015 - present
5. Elsevier Parallel Computing (PARCO), 2015 - present
6. IEEE Transactions on Computers (TC), 2014 - present
7. ACM International Conference on Architectural Support for Programming Languages and Operating Systems (ASPLOS), 2019
8. IEEE/ACM International Symposium on Microarchitecture (MICRO), 2017
9. IEEE International Symposium on Circuits and Systems (ISCAS), 2016
10. International Symposium on Computer Architecture (ISCA), 2015
11. ACM/IEEE Design Automation Conference (DAC), 2011, 2012, 2015
12. International Conference on Parallel Processing (ICPP), 2015
13. International Conference on Parallel Architectures and Compilation Techniques (PACT), 2013
14. International Symposium on High-performance Computer Architecture (HPCA), 2013
15. Design Automation and Test in Europe (DATE), 2012

University Services

1. UCSD CSE Undergraduate Committee, 2022-present
2. UCSD CSE Website Committee, 2018-present
3. UCSD CSE Diversity Awareness Subcommittee, 2018-present
4. UCSD CSE Graduate Admissions Committee, 2018-present
5. Diversity Liaison of UCSC CE faculty recruitment, 2017
6. Advisory Board at UCSC Silicon Valley Campus, 2016

Teaching

Spring 2024	CSE 141 Introduction to Computer Architecture (UCSD, Undergraduate)
Winter 2024	CSE 240B Parallel Data Architecture (UCSD, Graduate)
Fall 2023	CSE 240A Principles in Computer Architecture (UCSD, Graduate)
Spring 2023	CSE 141 Introduction to Computer Architecture (UCSD, Undergraduate)
Winter 2023	CSE 240B Parallel Data Architecture (UCSD, Graduate)
Fall 2022	CSE 240A Principles in Computer Architecture (UCSD, Graduate)
Spring 2022	CSE 240B Parallel Data Architecture (UCSD, Graduate)
Winter 2022	CSE 141 Introduction to Computer Architecture (UCSD, Undergraduate)
Fall 2021	CSE 240A Principles in Computer Architecture (UCSD, Graduate)
Spring 2021	CSE 240A Principles in Computer Architecture (UCSD, Graduate)
Spring 2020	CSE 240A Principles in Computer Architecture (UCSD, Graduate)
Winter 2020	CSE 240B Parallel Data Architecture (UCSD, Graduate)
Spring 2019	CSE 240A Principles of Computer Architecture (UCSD, Graduate)
Winter 2019	CSE 291 Emerging Computer Architectures (UCSD, Graduate)
Winter 2018	CSE 141 Introduction to Computer Architecture (UCSD, Undergraduate)
Fall 2017	CMPE 110 Computer Architecture (UCSC, Undergradute)
Spring 2017	CMPE 202 Computer Architecture (UCSC, Gradute)
Winter 2017	CMPE 122/222 Intro/Advanced VLSI Digital System Design (UCSC, Undergradute/Graduate)
Fall 2016	CMPE 110 Computer Architecture (UCSC, Undergraduate)
Spring 2016	CMPE 290N Topics in Computer Performance (UCSC, Graduate)
Winter 2016	CMPE 110 Computer Architecture (UCSC, Undergraduate)
Fall 2015	CMPE 110 Computer Architecture (UCSC, Undergraduate)
Spring 2015	CMPE 202 Computer Architecture (UCSC, Graduate)

Supervising

Matheus Ogleari	Ph.D.	Graduated in 2019
Xiao Liu	Ph.D.	Graduated in 2021
Hengyu Zhao	Ph.D.	Graduated in 2021
Cheng Fu	Ph.D.	Graduated in 2023
Hui Shi	Ph.D.	Graduated in 2023
Zixuan Wang	Ph.D.	Graduated in 2024
Yun Joon Soh	Ph.D.	Fall 2018 - present
Hanxian Huang	Ph.D.	Fall 2019 - present
Theodoros Michailidis	Ph.D.	Fall 2019 - present
Haolan Liu	PhD	2020 - present
Zhongming Yu	PhD	2022 - present
Jinpyo Kim	PhD	2023 - present
Maximilian Apodaca	Master	Graduated in 2022
Sneha Subramanian	Master	Graduated in 2019
Harshini Voruganti	Master	Graduated in 2019
Qing Zhang	Master	Graduated in 2017
Naga Venkata Sai Indubhaskar Jupudi	Master	Graduated in 2017
Borui Wang	Master	Graduated in 2016
Yiqiao Hu	Master	Graduated in 2016
